

Woodton School Report 2013

Woodton School continues to work well in their partnership with Ellingham. The two Governing bodies are now federated into one which works very well across both schools.

This is obviously the path for small schools to go down in order for them to remain viable and a major part of village life.

Numbers have improved reaching 40 pupils on roll. Stepping-Stones Nursery is located on our site and has grown steadily. They also have 40 on their roll. This relationship is flourishing and many of the children continue with their education moving into the main school. There are many shared activities for the children and the staff in each setting meeting regularly.

The Governing Body is now in the process of advertising for a new Head Teacher for the partnership as Mrs McGowan is retiring at the end of the summer term. Mrs McGowan has been the lead in the way the school has been transformed into what it is today, and the governors thank her for all her hard work and time that she has given to the federation in achieving this.

We appreciate the support the school receives from the Parish Council and the community in supporting different events that the school holds and look forward to their support in the future.

Jane Bond
Vice Chair Governing Body
