Play area revamp and development

We hope to start work on the new play area by the provision of a zip wire this autumn. The main “fort/slide” will be taken down shortly as the ground needs to be left to compact in order to accommodate more new equipment later.

Fantastic progress has been made in the background with funding secured from parish and district councils and third-party grant providers. We are awaiting the outcome of several other grant applications. There will also be fundraising fun events in the village between now and Christmas, watch out for more information on:

- Paint a pebble – Village Hall – 28/08/22
- Village table-top sale – Mill Centre – 11/09/22
- Sponsored walk – 29/10/22

Where has the clock gone?

In autumn, the holm oak in the churchyard will be pruned back again to allow people to see the church clock from The Street and to properly maintain the tree.

Parking on pavements, at junctions and across driveways

Again, parishioners have expressed concern about residents parking on the pavements or being too close to junctions or blocking driveways. The village is blessed with many people with walking aids and wheelchairs/mobility scooters and young families with push chairs. Such parishioners find it difficult and dangerous to walk on the road to get around vehicles parked on the pavement. Motorists also find that vision is obstructed when vehicles are parked too near a junction, and it is no fun for residents when blocked in or out of their own driveways. We request that you do your bit to ensure that you have parked considerably in order that we can all enjoy safe passage. Thank you.

Flood prevention work

The parish council has worked with the National Flood Manager for East Anglia and agreed a strategic plan to help prevent a repeat of the flooding experienced in 2020. The National Flood Manager is liaising with local landowners with a view to implementation as soon as possible.

New noticeboard

The parish council has replaced its old noticeboard which had started to let the rain in and the plastic "glass" had become unclear. All legal and major notices of interest can be seen on the new board situated next to the village sign at the junction of The Street and the B1527.

DESPERATELY SEEKING DRIVER VOLUNTEERS!

Do you have SPARE TIME and a desire to HELP OTHERS?

Paul King (volunteer) says, "I particularly like taking the older people out for day trips – going to care homes to pick them up. It's good, it's fun, I really enjoy it.

You are bringing a bit of light into their lives because they are often living a very lonely existence. There is a social aspect to the work, they enjoy meeting old friends as well as chatting to people they've never met before.

It's satisfying to see when people are grateful and knowing you are fulfilling an essential role for the community. Without this service I think a lot of people would really, really struggle.

The BACT team take everything seriously from training to safety to maintenance of vehicles; making sure drivers are OK to drive."

If this sounds appealing and you would like to know more, please contact us on 01986 896896. | www.bactcommunitytransport.org.uk

The Garden in August....

Sultry late summer

August is usually one of the hottest months of the year (but July has broken records!) - making watering even more essential. Try to use grey water wherever possible, especially as water butts may be running low this dry summer. August is traditionally holiday-time, so you might need to enlist the help of friends and family to look after the garden while you are away. When you are at home, take the time to prune Wisteria and summer-flowering shrubs such as lavender once they've finished flowering.

1. Prune Wisteria
2. Prune apples and pears trained in a restricted form.

3. Continue to dead head flowering plants

4. Water containers and new plants, preferably with grey recycled water or stored rainwater.

5. Collect seed from garden plants.
6. Harvest sweetcorn and other vegetables as they become ready.

7. Continue cutting out old fruited canes on raspberries.
8. Lift and pot up rooted strawberry runners.
9. Keep ponds and water features topped up.
10. Feed the soil with green manures.

Garden Twinning Update

As you know Garden Twinning is our charity this year and to date we have managed to twin 5 gardens.

This means that 5 individuals in rural Migori, Kenya can be trained and supported in sustainable organic farming. Starting with small kitchen gardens families can grow enough to eat, set up small businesses and send their children to school.

Our aim is to twin at least 8 gardens by the end of September.

To support this project you can:

- Buy one of their attractive mugs, tea towels or notelets that we have for sale
- Visit their website: rippleeffect.org/garden-twinning
- Support our **plant and produce sale (see below)**
